Benin City, Nigeria

Skills

- SQL (MySQL)
- Excel (XLookup, Conditional Formatting, Pivot Tables)
- Tableu (Data Visualization)

Projects

CUSTOMER SALES ANALYSIS – Personal Project – Port Harcourt   April 2024

- Utilized **SQL** to extract data from related tables from customer sales databases using **JOIN** and **VIEW**
- Used analytical thinking to generate queries that would display certain desired tables
- Used **GROUP BY, ORDER BY** and **LIMIT** functions and aggregated functions to get aggregate values of columns

DATA CLEANING AND CREATING PIVOT TABLES IN EXCEL – Personal Project – Port Harcourt   July 2024

- Identified and removed **duplicate** records based on unique identifiers
- Created **PIVOT TABLES** to sort the amounts spent by different categories of people
- Using the NESTED IFs to create age ranges within the dataset

Work Experience

– Anointed Children Academy – Port Harcourt, Nigeria   August 2018 - April 2019

- Built spreadsheets for examination schedules and teachers data.
- Automated result calculation processes using Microsoft Excel.
- Analyzing workers age and comparing the effects of age on productivity.

AUTO MECHANIC – Jeftoni Autos – Port Harcourt, Nigeria   January 2024 - May 2024

- Serviced cars, keeping day to day logs about the problems, models of the cars and how long the repair process took.
- Designed and modelled 3D mechanical parts using SolidWorks.
- Sorted and stored vehicle parts and supplies, keeping inventory in spreadsheets.
